TEAM STORY

The team was restored in 2016 basing on the FC Dynamo Brest fan club. Originally amateur, the club signed for the Brest Regional Championship in 2017 and won the second place. In November 2017, FC Rukh became Dynamo Brest farm club and entered the Belarus Second League.

From the beginning of the 2018 season, the team confidently topped the standings, ensuring promotion 2 rounds before the end of the championship. Besides, Rukh won the Belarus Second League, one point ahead of FC Krumkachy in the final standing.

In their debut season in the Belarus First League, Rukh finished third, which allowed the club to play in the playoffs for the right to be promoted to the Vysheyshaya Liga. Two playoff matches against FC Dnyapro-MCHZ resulted in a penalty shootout where Rukh turned out to be the stronger of the two and secured themselves promotion to the Vysheyshaya Liga in the 2020 season.

Today FC Rukh is a professional club from Brest, a team of young and ambitious players. The team average age is 23 years.

Rukh focuses on youth, health, sport, and passion for football. It is a well-known fact that young people are the future. And it is FC Rukh that proves it.
